# CLEAR DIRECTION CURATED DESIGNS

At Doran's, we've spent over 40 years helping clients create beautiful, functional spaces. Affinity Interiors was born from seeing the challenges they face - too many choices, too little time, and the need for trusted guidance.

We provide clear direction at every stage, from early planning to final touches, removing guesswork and ensuring every element works in harmony.

Our curated furniture collections and tailored advice help you create a space that reflects your style, with the quality and craftsmanship you expect.

From first plans to final details, we create spaces that feel effortlessly yours.

Every home should tell the story of the people who live in it.

My role is to listen first - to understand your lifestyle, your aspirations, and the little details that can make your house a home.

From there, I'll guide you through each stage of the process, so you can feel confident in every decision. Whether it's a single room refresh or a full home redesign, I'm here to make the journey as enjoyable and stress-free as possible.

## Affinity Interiors Dining Furniture

Design Studio

1 Hour

Bar stools, dining chairs, dining tables, lighting.

An assisted selection process using our Affinity Interiors catalogue.

Our designer will guide you through bar stools, dining chairs, tables and lighting to help complete your kitchen. This service covers Affinity Interiors collection items only.

Advice outside the brochure will be charged separately.

We recommend booking once your kitchen design has been signed off.

# 02

## Dining Furniture & Paint Consultation

Design Studio / Home

2 Hours

Dining furniture, lighting, paint sampling, scheduling, ordering.

In addition to the dining furniture consultation, our designer will visit your home or site to advise on paint finishes and colours for up to four rooms.

You'll receive a paint schedule within two working days. Paint can be ordered through us, or you can pass the schedule directly to your decorator.

Note: We cannot take responsibility for mixed paint colours. Travel beyond 10 miles will incur an additional mileage charge.

# 03

## Dining Furniture, Wall & Window Treatments

Design Studio / Home

3 Hours

Dining furniture, lighting, colour consultation, window treatments, wallcoverings.

A more in-depth package using the Affinity Interiors collection catalogue and our design library.

We'll advise on wallcoverings, window treatments and wall paint. We will require approximate room and window sizes so we can provide estimates.

After your studio appointment, we'll arrange a follow-up to review samples and discuss costs. If you proceed, we'll schedule a measurement visit.

Note: fitting and hanging are charged separately.

## Full Interior Design Service

Design Studio / Home

35-40 Hours

Colour schemes, furniture, lighting, flooring, tiles, window treatments, wallcoverings.

Initial planning, mood boarding, concept development, sampling, budgeting, sourcing, layouts, styling, finishing.

A complete, end-to-end design experience—project management, sourcing, and overseeing every detail to create a beautifully cohesive and functional space.

We collaborate with you, your architects, and contractors to ensure a seamless transformation from initial concept to final styling.

Every project is unique, but the process usually follows these steps:

### Step 1: Initial Consultation & Planning

Our interior designer meets with you to understand your vision, needs and lifestyle.

Together, you'll agree a design brief, set a realistic budget and outline the timeline with key milestones.

### Step 3: Space Planning & Layout

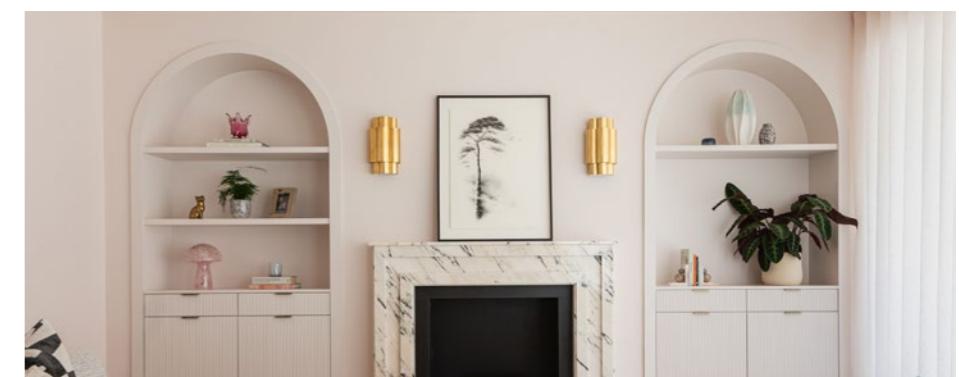

We explore the flow of your space, identifying potential and creating a functional layout.

Zoning is effectively used to enhance usability, ergonomics and to improve navigation of the area.

### Step 5: Design Implementation

We liaise with your tradespeople on agreed details and manage the procurement of materials, furniture, lighting and furnishings.

Focus is placed on delivery times and quality control.

### Step 2: Concept Development

The designer will create visual mood boards and samples to showcase proposed colour schemes, textures and styles.

Once approved, we'll supply a projected budget and timeframe.

### Step 4: Integration & Detailed Design

Attention shifts to the finer details: curtain/blind tracks, electrical planning, lighting integration, flooring and tiling selection.

Furniture sourcing takes place here to align perfectly with the scheme.

### Step 6: Styling & Finishing Touches

The final stage completes the look and adds warmth and personality.

Artwork, textiles and accessories bring the scheme together, creating a cohesive and inviting space.

## MODERN COUNTRY

The Modern Country scheme blends the charm of traditional rural interiors with the clean lines of contemporary design.

A harmonious mix of natural materials, neutral tones, layered textures, and rustic elements, balanced with modern accents to create a space that feels both cosy and refined.

# PRODUCT GUIDANCE

## Bar Stool Height & Sizing Advice:

Seat height for bar stools is measured from the ground to the top of the seat and there are 2 main standards. 650mm is suitable for seating at a kitchen worktop height. 750mm is more suitable to seating at a raised breakfast bar height.

## Average Leadtimes:

Dependant on the product and the range it sits within, there are varying lead times.

AFFINITY PREMIUM - As each piece in this range is individually custom made, the average lead time for products in this section is approximately 8-12 weeks from order confirmation.

AFFINITY DESIGNER - As each piece in this range is individually custom made, the average lead time for products in this section is approximately 8-12 weeks from order confirmation.

## Assembly:

AFFINITY PREMIUM - All seating in this range will be supplied fully assembled. For transport purposes, the table may have the tops removed but can easily be re-attached.

AFFINITY DESIGNER - All seating in this range will be supplied fully assembled. For transport purposes, the table may have the tops removed but can easily be re-attached.

# PRODUCT GUIDANCE

## Clash Warning:

If you are choosing seating that includes arms or a sloping back, please take care when pushing these under counter tops, breakfast bars or tables as they may clash and over time cause damage and/or excessive wear. In particular this will be very prevalent with stone counter tops as these will tend to have a more textured underside.

## Colour Variation:

With natural wood finishes and some painted finishes, there will be a standard tolerance of slight difference between samples and actual finishes that will be deemed acceptable. If buying an additional piece to match with a previously purchased piece this variation may be more significant due to batch differences and external factors such as effect by UV.
